

Clubhouse canteen upgrade continues

by

Over the last couple of weeks or so the Canteen has been stripped out, new wiring, LED lighting, flooring torn up, wool bats in the wall, then new plaster walls fitted and now painted and the Air Con is in and working and cupboards and bench tops and SS splash backs and power points with new sink etc plumbed in.

John Walker has done a great job with the plaster board which is now up and filled and has been painted, the floor has been leveled and Brendan Druery has fitted the new cupboards and bench tops with the doors, drawer fronts, upper cupboard and microwave cupboard now all in.

The new flooring, carpet tiles and comercial vinyl has gone in next everything goes back in place.

We have new appliances, large fridge, cooker with range hood as well as a dish washer and two new microwaves and stainless table and trolley.

Once completed the club will have a top notch facility.

Comment Guidelines: The SportsTG Network is made up of players, families and passionate sports followers like you who have a strong opinion about sport. That's great - we want you to have your say and share your thoughts with the world. However, we have a few rules that you must follow to keep it fun for all. Please don't be rude, abusive, swear or vilify others. Apart from some pretty serious sport sanctions, we also can ban you and report you if things get out of hand. So play fair and have fun, and thanks for your contribution.
