The new structure is now all there, we still have the rails and doors to complete it.

The slab leading down into the storage shed is a work of art and the new deck will be amazing.

Even before completion it is easy to see how the whole club house looks great and with doors windows and rails will lift the appearance and functionality of the club to a new level.

Michael and John Semelbauer and crew have done a fantastic job in a short space of time to bring the project to near completion very quickly just in time for our big regatta.
